Remarks

The specification has been amended to include proper sequence listing annotations pursuant to 37 CFR 1.821(d). The amendment includes no new matter and only adds references in the application to the enclosed Sequence Listing.

Declaration under 37 C.F.R. § 1.821(f)

I declare that the material on the diskette is identical to the enclosed paper copy of the Sequence Listing and the sequences as filed in the application on March 19, 2004, that the Sequence Listing does not add new matter to the application, and that all statements made on information and belief are believed to be true and further that these statements were made with the knowledge that willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Respectfully submitted,
